I'm opposed to this FISA reauthorization that we are voting on today.

It's not enough to meet Americans halfway with their constitutional rights. The 4th Amendment is in the Constitution/Bill of Rights for a reason.

This bill doesn't come close to protecting all Americans.

One of the reasons why D.C. is labeled the "Swamp" is because of how we review & pass federal appropriations.

We received 2 appropriations bills last night & will vote on them less than 24 hours later.

🚨 More than a trillion dollars of deficit spending. 🚨

Calm strong leadership is what's needed at this time.
Not fear and panic.
While protecting those who are at high risk from the Chinese virus, we need to help Americans, by getting back to work as soon as it's possible.

> **Rep Andy Biggs** @RepAndyBiggsAZ
> It's our responsibility as members of Congress to promote calm and examine the situation strategically, using facts, not hyperbole. We can't let fear cripple our economy and push our nation over the brink.

The argument that m2f trans does not have any advantage to biological females are just not true. Height, bone density, muscle density... and more.

Pelosi's attacks on President Trump this morning on Fake News CNN were reprehensible.

She forced our country knee-deep in impeachment during December and January, then called President Trump's travel ban in January "un-American." All she cares about is power, not solutions.

Erick Erickson @EWErickson
Since the beginning of March, the @AJC has frequently cited a single doctor to voice criticism against @GovKemp in Georgia for his handling of COVID-19. Turns out the doctor is involved in a Stacey Abrams backed lawsuit against Georgia. The AJC only mentioned it 6 hrs ago.

The best way to hurt them is to NEVER buy anything from them again. Reopen our manufacturing. Penalize corporations for doing business with China. Forbid Chinese visas of every kind... especially student and business. MAGA

Our testing process and availability in this country for this virus is way behind where it should be, that isn't China's fault

My unsolicited advice to you is to gain followers. Follow people back. If you don't follow, they won't follow you. Many large accounts started out following other large 30K+accounts... "Used" to get their accts large, then purged those of us who helped. I hate it but it works.

@realDonaldTrump is leading us through this crisis better than anyone could.
It's you who has shamefully tried shoving your Democrat Socialist garbage policies into the massive stimulus spending.
Never let a good crisis go to waste, right Nancy?

> **Nancy Pelosi** @SpeakerPelosi
> Delaying direct payments to vulnerable families just to print his name on the check is another shameful example of President Trump's catastrophic failure to treat this crisis with the urgency it demands.

The Democrats in power don't care about working class America!

Quite frankly, they don't want a working class.

They want a Ruling Class & a Government Dependent Class.

We need to take Congress back in November & elect people like me who will stand up for working class America!

Pelosi and the Socialist Democrats are laying in wait hoping you sit down, shut up, and be quiet in 2020.

We can't do that. I won't do that.

The problem with the Citizens United is it allows unlimited contributions to remain secret.That meant the Koch brothers were able to keep much of their anti-democracy completely hidden from the public.

Did you know Hollywood is in China's pocket? China funds US movies & studios are desperate for access to the Chinese market.

That's why China is never the bad guy in movies. That's why they took Taiwan's flag off Maverick's jacket in Top Gun 2.

Time for this to end.

Remember when the Iranian navy abducted members of our Navy, forced our women Sailors to wear a Hijab, and then were paraded around like caged animals before being returned to the USA?

All Obama/Biden did in response was thank the regime!

Those days are long gone!

I'm running for Congress to prevent 'the Squad' from enacting their radical leftist policies like the Green New Deal that would cost Americans $93T and millions of lost jobs.

I will always stand up for American workers!

It's time for Socialist Stacey Abrams to stop whining, shut her mouth and instead come up with solutions other than destroying America with Socialism.

She's a delusional Socialist wannabe & a dangerous bullet we Georgians narrowly avoided.

A true legend in her own mind. #gapol

Not really. This whole "pandemic" has helped me analyze a lot of my life's plan. Not sure who or what to believe in when it comes to the BIG picture, but for me a cold hard fact that needed to be faced was; my "job" is non essential. So much wasted time. Education is key.

Hillary Clintons endorsement of Joe Biden should come as no surprise. She has a long history of supporting sexual predators:

-1975 she represented a man that raped a child & laughed about getting him off

-Defended Bill Clinton & attacked his victims

-Praised Harvey Weinstein

Nancy Pelosi just endorsed @JoeBiden despite the fact that a credible woman, named Tara Reade, accused him of sexually assaulting her while she was a staffer in his senate office in 1993.

What happened to 'believe all women' Nancy?

Taking the life of anyone in this country is illegal. Why should taking the life of an unborn child be any different? Always changing the narrative to 'a women's right' bull shit. Ok fine, get a tattoo, a nose ring, shave your head...whatever, but you can't kill a baby. Get it?

Trump failed us.

He thought he could stop flights from China and then ignore the pandemic for months.

It didn't work. Tens of thousands have died. Now he wants us to forget his lack of response by making up a lie that China created the virus in a lab.

Don't believe his lies.

Nancy Pelosi will not call Congress back to work.

Is she unfit to serve and do the job?

Or is she REFUSING to do her job?

Either way, I don't think the do nothing Democrats in Congress should get paid if they won't show up to work.

Shelley Luther should immediately be released from jail. Locking her up is a misguided abuse of power, especially considering Dallas County released real criminals to "protect them from COVID-19."

Release her now so she can return to her family.

Jailed for Working to Feed Her Family

AUSTIN – Attorney General Ken Paxtontodaysent a letter to a Dallas County judge, stating that he abused his authority by putting Shelley Luther, owner of a hair salon, in jail for opening her salon to feed her family.

"I find it outrageous and out of touch that during this national pandemic, a judge, in a county that actually released hardened criminals for fear of contracting COVID-19, would jail a mother for operating her hair salon in an attempt to put food on her family's table," said Attorney General Paxton.

I took this picture from outside a bar that is bravely re-opening in Georgia.

The bravest people in America are small business owners.

They are the backbone of our nations economy and risk everything to survive.

We need to declare Sanctuary for small businesses.

In 1990 @JoeBiden passed the Gun Free Zones Act

That year one of my schoolmates took our school hostage & there was no good guy with a gun to stop him

Since then 92% of mass shootings including the Santa Fe shooting that happened 2 years ago today took place in gun free zones.

It's not just a "handful of rogue agents". The entire agency needs to be overhauled, starting with Director Wray.

In 2005 @JoeBiden sponsored and passed a Bill that stripped bankruptcy protection from millions.

The leading company that was lobbying Biden to pass this was MBNA bank.

Coincidentally MBNA bank was paying Hunter Biden $100k+ for 'consulting services' during the same time.

Wow. New report that the Biden Center is refusing to disclose its donors. All its donors—especially foreign donors—should be publicly disclosed. Most troubling: Biden Center won't answer if receives $$ from CCP.

The Biden Center's lack of transparency has drawn the attention of a watchdog group that is now demanding that the federal government investigate whether foreign money has flowed to the center.

It's hard to comprehend how many people have died for our freedoms. I pray that we always remember, freedom isn't free. That it's comes with a price that can't be repaid. I hope we always fight like hell to keep our freedom and never let these good soldiers deaths be in vain.

Nancy you're too old to remember but 3 months ago you were telling people to go out in Chinatown and also called President @realDonaldTrump a racist for putting a travel ban in place to save American lives from the Chinese virus.

First, Gretchen Whitmer wouldn't address "every rumor" online.

Then, she "adamantly denied" her husband invoked her office to put a boat in the water.

Now, Gretchen admits her husband did try & blamed it on 'a failed attempt at humor.'

It's only humor because they got caught!

Washington Examiner @dcexaminer
.@GovWhitmer claims her husband's attempt to cut the line to get his boat in the water before Memorial Day was a "failed attempt at humor."

ANTIFA are violent terrorist who's ultimate goal is communism in America.

They want to destroy freedom.

Meanwhile over 1.5 million protestors in Hong Kong marched peacefully because they are living under oppressive communism.

Here's the truth…

Those who go to a protest wearing masks to conceal their identity while they incite violence are domestic terrorists.

No sensible Democrats are calling to "Defund the Police." That's just stupid, and you know it.

It's funny (and quite sick) that the very powerful people and celebrities who are pushing to defund police are the very same people who can afford private security teams. They think the virtue signaling sounds cool and they know they won't suffer from it like regular folks would.

The data, compiled by the Georgia Information and Analysis Center, also shows more than 30 of the people arrested have significant criminal histories including charges that appear to show they've been involved in protests before.

The GBI flagged three specific protesters who they believe came to cause civil unrest including:

- A 34-year-old man arrested in Atlanta who they believe had participated in riots in Minneapolis before coming to Atlanta.
- A Florida resident who had multiple obstruction and assault charges related to civil unrest in Ferguson, Missouri in 2014. The convicted felon live streamed his post-arrest detainment on social media while handcuffed.
- At least ten individuals were bonded out by one individual who is out-of-state. The GBI says that suggests a coordinated effort.

Neither Joe Biden nor the Democrats want to "DEFUND THE POLICE." This is simply more propaganda and false accusations from Trump. We want to reform the police, limit the power of police unions, and ensure that the systemic racism within police departments is finally eliminated.

This will be a lot of hard work. But we need to get fired up and ready to work, work, work. They are going to go into next November kicking and screaming.

We have to fight back harder, nastier, and meaner than they do!

1. Campaign Press Release #gapol

Press Release
Contact: isaiah@Greene2020.com

After being urged by many conservative supporters, spending the last few days in prayer and discussions with my family and close friends, as well as traveling throughout the district, I'm excited to announce that I'm running to be the next Republican Representative from Georgia's 14th Congressional District.

As a Christian conservative wife, mother of three, life-long Georgian, UGA graduate and a successful business owner in the construction industry, I'm 100% committed to helping re-elect President Donald Trump for four more years, taking back the Congress from Nancy Pelosi, holding on to the U.S. Senate, and Keeping America Great.

I'm not a career politician.

I'm a problem solver and political outsider.

With a Congress that is continually failing the people, my sole purpose for running is to be a Representative for the American People.

As the Republican Congresswoman for Georgia's 14th CD, I will never stop fighting for the district, our state, and our country:

The stakes are too high in 2020 for me to sit back and watch the pro-Trump conservative 14th CD fall into the hands of a tax-hiking career politician or Never Trump activist who has the interests of the politicians and Big Government lobbyists over the interests of the hard-working people of the district.

I'm fed up with radical Democrats like Nancy Pelosi, AOC, and the Socialist Squad implying that all women share their left-wing agenda that is destructive to our American values and way of life.

We need more women in Congress who will proudly and enthusiastically defend our constitution and our freedoms, and work to ensure our children and grandchildren will be able to pursue their American dream.

As the 14th CD's Republican Representative, I will fight back with everything I have against the radical left-wing Democrats who want to raise our taxes through the roof, rip our borders wide open, have government takeover healthcare completely, ram the so-called "Green New Deal" down our throats, confiscate our firearms, and send our country down the road to Venezuelan-style socialist misery.

With over $500,000 on hand and a growing grassroots base of over 1,000 financial contributors, my campaign is ready to go and ready to earn the vote of Republicans across the 14th.

I'm a Georgia girl, born and raised. My husband and I have spent the last two decades building our businesses and creating thousands of jobs in more than eleven states.

We were proud to work on a WinShape construction project at Mt. Berry as well as construction projects from Rome and down into Paulding County through the years.

My campaign slogan is "Save America, Stop Socialism." I'm not willing to sit on the sidelines and allow hate America leftists to destroy our great country.

We have a plan for victory: we will win by campaigning not to the career politicians, but by speaking and listening to people across the 14th one door, one voter at a time.

GREENE
SAVE AMERICA, STOP SOCIALISM!
FOR CONGRESS

Press Release
Contact: isaiah@Greene2020.com

After much thought and careful consideration, I've decided to end my campaign for Congress in Georgia's 6th Congressional District.

I'm forever grateful to my family and friends, contributors, and grassroots volunteers who were energized to get involved by my 100% conservative Republican message. Take one trip around the 6th CD and there's no doubting our campaign has energized the Republican base.

As a conservative Republican, my number one priority in 2020 is to re-elect President Donald Trump for four more years, take the U.S. House back from Nancy Pelosi, hold the U.S. Senate, and make sure Democrats don't get anywhere close to taking over the Georgia General Assembly.

Please stay tuned for another Press Release from my campaign momentarily.

Thank you,
Marjorie Greene

As a candidate for the Republican nomination here in Georgia's CD6, I believe Governor Kemp should listen to the people who put him into office and appoint someone who we know 100% will vote against Nancy Pelosi's Witch Hunt Impeachment of President Trump in the U.S. Senate.

Of the two candidates that are being talked about the most, Doug Collins is the only one we know who would vote to defend Pres Trump against Pelosi's Impeachment.

I have serious concerns about Kelly Loeffler's professional ties to PP, Stacey Abrams, and devotion to Mitt Romney.

4. There is a conservative grassroots movement growing by the day here in CD6 for my campaign. You can feel it and see it on the ground.

They want a candidate who will stand with President Trump against the radical left-wing Democrats who want to run him out of town.

5. Karen Handel will say and do anything to get elected. She has no grassroots support in the district and no enthusiasm on the ground. She cannot motivate Republican voters to take back the 6th next November. She would lose to Lucy McBath again.

My Democrat opponent Lucy McBath lied to us here in GA06 CD.

She votes to crush small businesses like mine and votes the same as radical socialist AOC and Israel hating Ilhan Omar nearly 100% of the time.

She voted ✅ for $15/hr

Her own words..

As a successful business owner running for Congress, news of more people working is not only what I like to hear, it's what I know how to do.
My company has created thousands of jobs over the past 17 years.
Once elected, I will continue to make that happen.

How will the hateful left defend that?

I'm glad people have equal rights here.
Tragically they get murdered in places like that.

I've felt the fear of being a student in a #GunFreeSchoolZone
When I was in high school, another student brought guns to school & held kids hostage for hours with guns.
No one could protect us.
We were at the mercy of our upset fellow student.

I'm shocked to learn my Democrat opponent Lucy McBath is using me to fundraise off the tragic #shootings this past weekend.

If anyone donates money, please donate to the victims families in El Paso or Ohio, not to candidates for these sad events.

My Republican opponents' comments on gun safety over the last few days have been absolutely infuriating.

Please help me to ensure their insulting, ignorant, and ineffective comments on gun safety never reach the floor of Congress.

DONATE

Hi [redacted]

There are the responses to a mass shooting you expect to see, and then there are the ones you dread seeing. **Unfortunately, my opponents trying to take my seat in Georgia's 6th District have been as cynical as it gets.**

In aFacebook post on Sunday, Karen Handel remarked: *"We are seeing the usual calls for more control gun. It is highly doubtful that any new law could have prevented these or any other shootings."* **Handel then proceeded to pivot to the Washington Republican talking points that video games and mental health issues were to blame, not the ease of access to high-powered guns.**

Handel is wrong, and the science here is clear: If implemented, universal background checks would save lives. Red Flag laws would save lives. Gun safety measures would save lives.

It's pretty simple, Jeffrey. Folks in other countries also grapple with mental health issues and play video games. Other developed countries don't have gun violence problems like America. **We must acknowledge that the problem is our dangerous gun laws.**

And sadly, Handel's response was measured compared to my self-funded opponent Marjorie Taylor Greene.

Greene took to social media to proclaim that I was "playing identity politics" by addressing the role of hate in El Paso. She tried to use other examples of terrorism like bombings as a straw man argument to say gun policy reform wouldn't save lives. Greene is also on the record as saying she would**never vote for any form of gun safety measures.**

As a survivor impacted by gun violence, I know how difficult and frustrating it can be to see these types of responses from public figures. They try to distract from the truth. ***They try to shame victims of gun violence and folks with mental health issues.***

So today I am calling on my opponents Karen Handel and Marjorie Taylor Greene:*please do better*. Address mass shootings by proposing solutions. Don't scapegoat video games and mental health issues. Don't use tired talking points.

Real lives are at stake here. Georgian lives. American lives.

In solidarity,

– Lucy

Enforcing the law would stop illegal crime, murder, drugs flowing over our border, and human trafficking.

Problem is there's too much money made and power involved in open borders. Sadly it won't change, there's too much corruption. Too many sold their souls to Satan.

Preventing discrimination against transgender women isn't the same as putting men in women's sports. I dont think reasonable people would oppose non-discriminatory rules in sports, but that shouldn't sink a law to ban discrimination in various other areas unrelated to sports.

Putting biological men in women's sports and forcing women to compete with biological men destroys Title IX.
It will also take opportunities away from female athletes who work so hard to earn them.

@lucymcbath has the facts wrong. I'm a small business owner and job creator, like the other 28 million small business owners. If anyone knows where the billion dollars I supposedly have is, let me know! 😂 Vilifying success for donations is shameful.

The Atlanta Journal-Constitution "Business owner enters 6th District GOP race with pledge to cut spending"

>> Marjorie Taylor Greene is the real deal. She has strong ties to the MAGA Mega-Donor machine and WILL raise a lot of money. We COULD face her in 2020. <<

Team, Lucy's latest Republican opponent to announce has us very worried.

Marjorie Taylor Greene is a Georgia developer with a billion dollar construction business, and she has close ties to the Republican mega-donor machine. She's also an internet MAGA star with a HUGE following on social media! **With her big internet following and business background, she'll have a groundswell of support from the far right.**

Folks, Taylor Greene is the real deal. There's a strong chance Lucy faces her next November -- and unlike Taylor Greene, Lucy relies on small grassroots donors like you. Can you pitch in $20.20 to let Lucy know you've got her back? >>

PITCH IN $20.20

And here's the kicker — it's clear Taylor Greene isn't going to hold anything back in this race:

She's ALREADY attacking her Republican opponents, calling Karen Handel 'uninspiring' and saying "6th district voters are exhausted by her" (which is a fair point!). She also called Brandon Beach "just another government employee." *Yikes!*

So if Majorie Taylor Greene isn't willing to play nice with people in her own party, just imagine what she's going to say about Lucy. **It could get ugly, and fast.**

We're expecting an onslaught from Taylor Greene, even during the next few

To call abortion women's health or healthcare is a lie.
Abortion kills life inside the womb and there is nothing healthy about that.
And to call the new state laws unconstitutional is also a lie, the constitution never gave the right to murder.

> **Senator Dianne Feinstein** @SenFeinstein
> New laws in Alabama, Missouri, Georgia, Ohio and Louisiana banning abortion are blatantly unconstitutional and the latest in Republicans' efforts to overturn Roe v. Wade. These ongoing attacks on women's health must stop. I remember what it was like before Roe. We can't go back.

I got excited thinking #StopTheBans was about denouncing social media's censorship of conservatives when I saw it trending, but realized it was a bunch of liberals screaming about how much they want to keep murdering babies.

Killing babies should be under the hashtag #StopInfanticide

With 20,000 + gun law (that only apply to the average citizen) on the books do we need to consider punishing the criminal? Hitler disarmed his people and then proceeded to kill 12 million of his own people telling them he would protect them.

Conclusion

All 50 FBI active shooter-designated incidents during the 2016-2017 time frame were single-shooter events, and all shooters were male. Casualty numbers were dramatically higher due to three incidents: the Route 91 Harvest Festival in Las Vegas, Nevada, the Pulse nightclub in Orlando, Florida, and the First Baptist Church in Sutherland Springs, Texas. As in previous years, the shooters' ages spanned decades from 14 to 66. No active shooter incidents took place at institutions of higher education or on military property in 2016 or 2017.

The highest number of law enforcement casualties in a single active shooter incident since 2000 occurred in 2016, when five law enforcement officers were killed and nine law enforcement officers were wounded. Law enforcement used a bomb-carrying robot to kill the shooter and end the threat. Ten law enforcement officers were killed and 13 were wounded in open spaces where the shooters were moving through streets and between buildings.

Armed and unarmed citizens engaged the shooter in 10 incidents. They safely and successfully ended the shootings in eight of those incidents. Their selfless actions likely saved many lives.

The enhanced threat posed by active shooters and the swiftness with which active shooter incidents unfold support the importance of preparation by law enforcement officers and citizens alike.

All you are trying to do is ban something you know nothing about. And while you throw things at an active shooter in order to protect yourself, I'm thankfully trained and equipped to stop a threat if need be. Murder is already illegal, yet it still happens.

My solution is to remove guns from people not qualified to own them - you brought up the NZ shooting as a successful "good guy with a gun" moment. Although he was a hero, I don't consider 41 deaths and a thrown gun a "success" - that's on you.

Here is the link to this article. And you can go to the original piece from local NZ news that has a video interviewing the local hero that shot back at the shooter. Good guy with a gun is the only way to stop a bad guy with a gun. faithwire.com/2019/03/15/her …

The New Zealand Herald reported that a "well known Muslim local" man "returned fire with a rifle or shotgun," firing two shots at the attackers as they ran away. When police arrived, the armed hero noted that he fired in "self defence," describing the suspects and their vehicle to the authorities.

Mexico must use its very strong immigration laws to stop the many thousands of people trying to get into the USA. Our detention areas are maxed out & we will take no more illegals. Next step is to close the Border! This will also help us with stopping the Drug flow from Mexico!

This is abhorrent and inhumane.

It's without a doubt a reflection of what white nationalism is doing to our country. As a country, we have to acknowledge that this is how people are being treated here and decide that we are better and we must do better.

Fool. There is plenty of room for them. Inside their own countries. Where they legally belong. Not illegally inside of our country where they do not belong. It is the free handouts and sanctuary that encourage the daily invasion causing a humanitarian crisis.

What alternate reality does @BetteMidler live in?

> **bettemidler** @BetteMidler
> #DonaldTrump has forced us to live through war as a nation for the last two years; he has caused depression, despair, confusion and death. We're not just sick at heart, but literally sick from him; from uncontrollable rage at the thought that he will get away with his crimes.

Great work in DC yesterday. Thanks for being there! The ERPO (gun confiscation orders) must be defeated at the Federal level, but like you said, it's getting no publicity just how bad the @marcorubio bill is. It's pretty much mirrors and enables the Colorado bill about to pass.

I am as big of a Trump supporter as anyone, guys. However, you (we) need to acknowledge the fact that he supports theses red flag laws, just like he supported (actually he ordered it) the bump stock ban, which was a unconstitutional NFA rewrite by an unelected agency (ATF).

I am sure he did it out of public pressure and saw it as low hanging fruit. Unfortunately it set a very dangerous precedent for the next Dem president to do

conspiracy theories from CNN, MSNBC, Buzzfeed and the rest of the mainstream media, as well as daily lies and smears coming from Democrats in Washington, the Mueller Report proves what those of us with sane minds have known all along, there was ZERO collusion with Russia.

Sadly, instead of apologizing for needlessly destabilizing the country in a transparent attempt to delegitimize the 2016 election, it's clear that the Collusion Truthers in the media and the Democrat Party are only going to double down on

In 2012, Venezuela banned private gun ownership by claiming the public would be safer.

Today, Venezuelans are suffering the costs of that gun ban.

We cannot make the same mistake.

Americans must always remember guns are what made us free and guns are what will keep us free!

Thinking about elections. There should be a single day when citizens participate in an act of community, and if you can't vote that day, you should provide a reason. Voting is a privilege of citizenship, it doesn't have to be "convenient".

So much stupid 🤦‍♀️

GOP @GOP
REMINDER: Democrats would have to tax every household earning more than $30,000 at a 100% rate for 10 years to generate $93 trillion in income tax revenue.

Every major 2020 Democrat supports this socialist plan.

That isn't and has never been the message of Socialism. The message is take from the rich and give to you. The tiny kitchen is more about the message that she is one of them. Socialism is ALL about material things, or it would have zero appeal.

A lot of people commenting don't know how Congressional salaries work.

Each member is given a set amount that they disburse. GOP has refused to increase budgets in years to give hard-working staff a raise, which means people helping to run the country are getting paid $30k/year.

Oh you mean they are making the same $30K per year that teachers, police, firemen, and many other great people make? But $30K per year isn't enough for your boyfriend on your staff? Welcome to adulting. I'm sure you will fix that by taxing people 70% 🙁

The amount of lies that came out of that woman's mouth was astonishing. It was like she was still living during an Obama economy.

Margaret Hoover asked Democrat Stacey Abrams if she supports non-citizens voting in local elections.

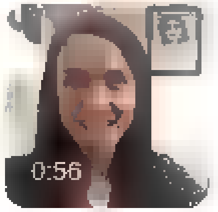
In your violence prevention, pay attention to the fact that @NRA members are not killing people, criminals are. Criminals don't care about your #gunsense laws and tax increases on ammunition. Criminals breaks laws anyways. Stop punishing law abiding citizens!



Jillian Gilchrest @Jilchrest
I've introduced HB 5700, a 50% tax increase on ammunition. It doesn't apply to military or law enforcement. I'm hearing push back about the need to protect one's home... but how much ammunition does someone really need to do that? #gunsense #enough

> **Khamenei.ir** @khamenei_ir
> On women, it is the West that should be blamed, not Islam! They've humiliated women by promoting sexual unrestrainedness in their commercials or in their credo of rendering women to a tool for selling goods. Is there any greater insult to women than this?

It's too bad conservatives have to lie ALL THE TIME to try to get any traction at all. You refuse to read critically, or accept any facts other than those you make up. Snopes just has facts that are nit your delusions. snopes.com/fact-check/new ...

Sending death threats to @GrahamAllen_1 and family who are armed just shows how stupid liberals are. Sending death threats to a veteran who supports the #2A and is wisely teaching his children how to safely use guns takes a special kind of stupid.

Terrence K. Williams @w_terrence
Liberals are sending this family death threats. They are attacking him and his children because they took pictures with guns.

People are also reporting this as child abuse!...

Pelosi serves Mexico, hates Americans, and is guilty of treason by giving aid and comfort to enemies, people who invade the US illegally and break our laws. She refused to fund our wall, causing our government to shut down.

YOUR VOICE IN THE WHITE HOUSE

Impeach Nancy Pelosi for crimes of Treason!

Created by M.G. on January 18, 2019

Nancy Pelosi is a TRAITOR to the American People! The Constitution defines, "Treason against the US.. ..adhering to their Enemies, giving them Aid and Comfort." Illegal aliens are enemies that invade our country with drugs, human trafficking, and terrorist causing death and crime to American citizens. Nancy Pelosi adheres to these enemies by voting for and providing them aid and comfort through Sanctuary policies funded by US citizen tax dollars, and refuses to protect American people by refusing to fund our border wall, leaving our borders open and unsafe. Pelosi refused to meet with Angel families, caused the government shut down then traveled on US dollars to Hawaii and Puerto Rico while 800,000 Fed workers don't get paid, and uninvited Trump for SOTU. IMPEACH Pelosi for treason!

We are not even into February and the cost of illegal immigration so far this year is $18,959,495,168. Cost Friday was $603,331,392. There are at least 25,772,342 illegal aliens, not the 11,000,000 that have been reported for years, in our Country. So ridiculous! DHS

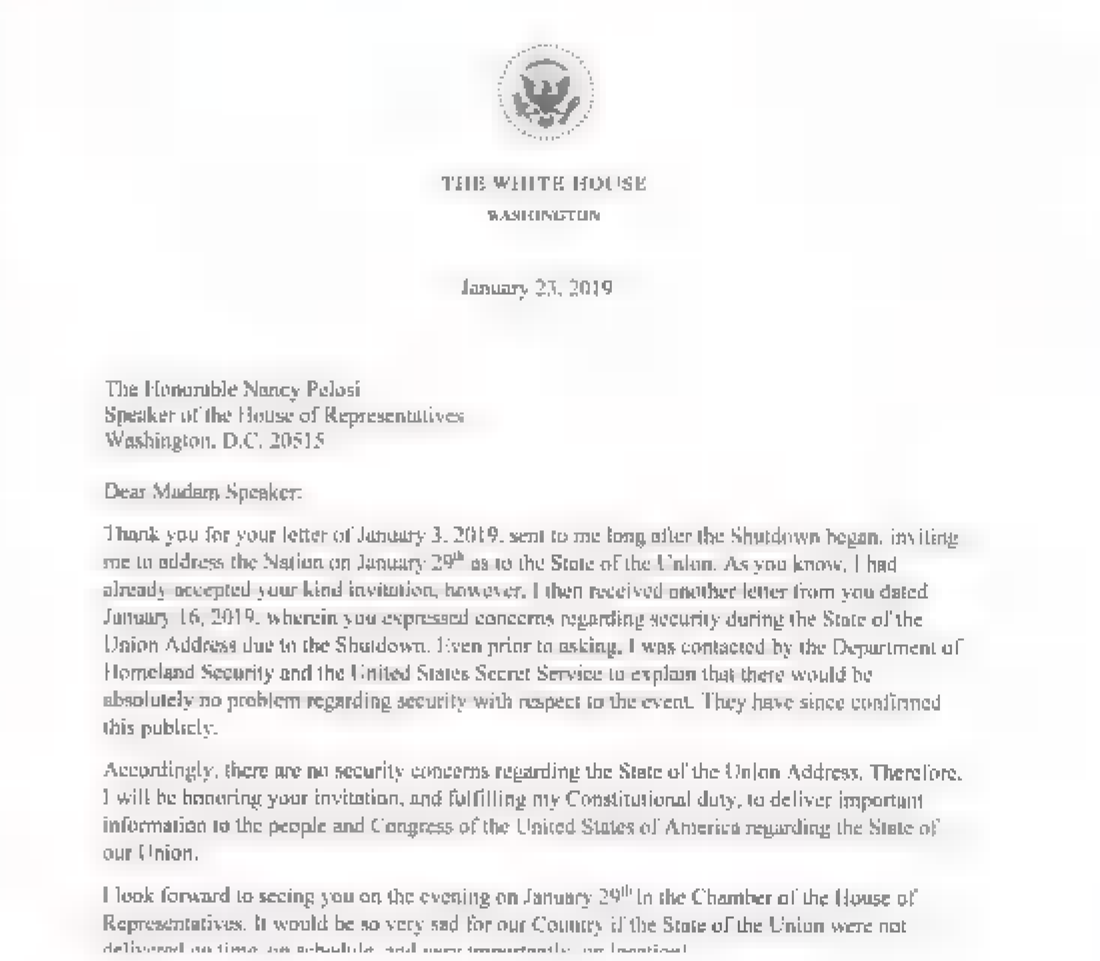
The White House



THE WHITE HOUSE
WASHINGTON

January 23, 2019

The Honorable Nancy Pelosi
Speaker of the House of Representatives
Washington, D.C. 20515

Dear Madam Speaker:

Thank you for your letter of January 3, 2019, sent to me long after the Shutdown began, inviting me to address the Nation on January 29th as to the State of the Union. As you know, I had already accepted your kind invitation, however, I then received another letter from you dated January 16, 2019, wherein you expressed concerns regarding security during the State of the Union Address due to the Shutdown. Even prior to asking, I was contacted by the Department of Homeland Security and the United States Secret Service to explain that there would be absolutely no problem regarding security with respect to the event. They have since confirmed this publicly.

Accordingly, there are no security concerns regarding the State of the Union Address. Therefore, I will be honoring your invitation, and fulfilling my Constitutional duty, to deliver important information to the people and Congress of the United States of America regarding the State of our Union.

I look forward to seeing you on the evening on January 29th in the Chamber of the House of Representatives. It would be so very sad for our Country if the State of the Union were not delivered on time, on schedule, and very importantly, on location!

@GovMikeHuckabee winning with this meme! It's so embarrassing to go to the globalist party at Davos when you can't fly like an elite. Her buddy Soros will probably pick her up so she won't have to fly like the rest of us. #ShutdownNancy #ImpeachNancy

Gov. Mike Huckabee @GovMikeHuckabee
We now have a shot of Nancy Pelosi getting commercial flight to Europe and flying like the rest of us. It ain't just the govt that's shutdown. @realDonaldTrump shut her down!

Why is "Defense" in the title "American Defence Force" spelled the British way? Makes me wonder if this march is more international interference.

With the rumors flying about Ruth Bader Ginsburg stepping down, I wanted to point out that while I do not agree with her POV on the law; what she has accomplished in her life time is astonishing & just hope people can see that. Show her the deserved respect she has earned. #RBG

That's kind of like saying, while I don't agree with Hitler, you have to admit what he accomplished in his lifetime is impressive. 😕 RBG is a radical feminist that is part of the system destroying our country. It's ok to speak against her and not bow down.

There IS a crisis on our Southern border

Last month:

20,000 children smuggled into the U.S.

60,000 attempted illegal border crossings

In FY18:

800 gang members were arrested—50% increase from FY17

Don't reopen the government until the border is closed

The steel slats don't run the entire length of the border in the McAllen area. We found one part where there is a chain link fence. Occasionally migrants come thru but residents say their community is quite safe.

Unfortunately he didn't call for a National Emergency. I think he wanted to address the nation so the people hear directly from him what the problems are at the border. He didn't say anything new. Rachel Maddox said there is no crisis at the border, basically calling him a liar.

I thought his speech was compassionate and had real factual appeal. @SpeakerPelosi and @SenSchumer speech showed them to be the true obstructionist with no facts. @realDonaldTrump now has no other choice but call it a national security threat.

I agree @mtgreenee. Just wish Trump would cut off the jobs. That is why most of the illegals are coming. The immigration is multi-faceted and complicated. There should be a bipartisan committee assigned to identify all the issues surrounding immigration & make recommendations.

Politics is terrifying in this climate. The opposition will destroy you to win the seat. It is a daunting decision to take that step of faith. I am leaning toward running because I love my veteran community and I want to effect change! I am also protective of our Constitution

Dan Bongino says Flynn was the whole reason for the dossier and then Trump. Apparently, one redaction was that Flynn did a briefing with DAI BEFORE his trip to Russia and a debriefing AFTER his trip - so no crime was committed and thus FISA should have been rejected.

If the dems & Republicans gave trump every penny needed to build the wall would you support a full overhaul giving amnesty to non criminal illegals and begin enforcing deportation laws strictly afterwards?

Lies and propaganda. I am a lover of truth and justice. Equality and Patriotism. We MUST unite to end the tyranny that has overcome so much of this world.

#MAGA does exactly that. And this is why I have decided to #WalkAway.

When I was in Tijuana, residents told me school children were being molested by caravan migrants.

Rising serpent @rising_serpent
Tijuana school shut until further notice. Some caravan migrants approached the school grounds to ask children for money, to use the school's bathrooms and smoked marijuana around its perimeter walls.
But they'll be law abiding once they cross the border.

If you think Americans are mad at this caravan, imagine how mad the Mexican kingpins are? Now the American military is at the border and their rat lines are being stalled! They can't supply the dirty U.S. businessman with their black market goods! I bet they aren't happy...

They already are. Rumors are coming out that several caravaners have been killed as a warning. But the Hondurans and El Salvadorans hate the Mexicans and vice versa. They are all "racist" towards each other. Caravaners wouldn't do the cartels bidding.

The TJ people are angry. Combine that with the cartels being upset over the border heightened security and it's going to get ugly. Lots of info to share, as I was there last week, and talk with friends there frequently. I'm very glad they aren't getting in.

Democrats are the party of hate. They force their beliefs and opinions on everyone but choose to reject their friends if they disagree with them politically. Such a shame. Where is the tolerance, acceptance, and love???

This just in from a friend of 4 years...

Hey Brandon,

I just wanted to send you a message of congratulations and adieu. Congrats on the spotlight you've always wanted... I hope it's fulfilling. I'm really troubled by the way you earned it as I've peripherally watched you continue to gain momentum. I wonder if you really believe the words you say, or that you're on the right side of history. When I've seen friends take a vastly different perspective than my own, I've always believed in keeping the door and dialogue open, but I'm going to "unfriend" you because it's honestly too hurtful to see you pridefully play this role. I'll be here if you ever #walkback. I truly do wish you all

deeply entangled and entrenched web of dishonesty that the liberal media has used to control people by planting false narratives and propaganda to manipulate otherwise intelligent people. Now, for those who know me personally, it may have been easier up until this point to tell yourselves that I've "become brainwashed" "started doing drugs" or "lost my mind". But, you all have watched since DAY ONE as I launched this campaign, worked my ass off to grow it and get the word out- how I have advocated for the empowerment of minorities and the quest for people to break free from groupthink and the hypnosis of mainstream media, the campaign has grown before your eyes. You have all watched this happen. NOBODY from the left wing media has reached out to me to talk about #WalkAway. They are all running stories that this campaign is Russian propaganda. Sound familiar? And in a moment of great poetic irony, CNN, who is responsible for the behaviors which began the change in me is now using these very behaviors to discredit me. Without so much as a phone call or request for a statement.

The stories you heard about the 12 Russians yesterday took place during the Obama Administration, not the Trump Administration. Why didn't they do something about it, especially when it was reported that President Obama was informed by the FBI in September, before the Election?

I hereby demand, and will do so officially tomorrow, that the Department of Justice look into whether or not the FBI/DOJ infiltrated or surveilled the Trump Campaign for Political Purposes - and if any such demands or requests were made by people within the Obama Administration!

ALL THE TRUTH!!! Where is the Justice?????

Donald J. Trump @realDonaldTrump · 12m
...and why hasn't the Podesta brother been charged and arrested, like others, after being forced to close down his very large and successful firm? Is it because he is a VERY well connected Democrat working in the Swamp of Washington, D.C.?

What ever happened to the Server, at the center of so much Corruption, that the Democratic National Committee REFUSED to hand over to the hard charging (except in the case of Democrats) FBI? They broke into homes & offices early in the morning, but were afraid to take the Server?

Now that the Witch Hunt has given up on Russia and is looking at the rest of the World, they should easily be able to take it into the Mid-Term Elections where they can put some hurt on the Republican Party. Don't worry about Dems FISA Abuse, missing Emails or Fraudulent Dossier!

5.3K 5.7K 20K

Donald J. Trump @realDonaldTrump · 56m
...in the Hillary Clinton Campaign where she deleted 33,000 Emails, got $145,000,000 while Secretary of State, paid McCabes wife $700,000 (and got off the FBI hook along with Terry M) and so much more. Republicans and real Americans should start getting tough on this Scam.

Socialism is like snorting cocaine. A few blows will give people a high, but too much will get them addicted and eventually lead to financial difficulties & debt for the government. Lots of socialism and little economic growth to pay for it.

- The gender wage gap DOES NOT EXIST.

- Male privilege DOES NOT EXIST.

Feminism has destroyed western values (marriage, children, etc.) that are essential to society.

I will NEVER consider myself a "feminist." Feminism is an embarrassment as far as I'm concerned.

Apparently it's an alleged video of HRC & Abedin doing bad things. So far, unconfirmed. I'm not about to dilly around on the darkweb so I'm waiting for any more concrete data on it.

Jerusalem's Enemies to Be Destroyed

12 A prophecy:[t] The word of the LORD concerning
Israel.

The LORD, who stretches out the heavens,[u] who
lays the foundation of the earth,[v] and who forms the
human spirit within a person,[w] declares: 2 "I am going
to make Jerusalem a cup[x] that sends all the
surrounding peoples reeling.[y] Judah[z] will be besieged
as well as Jerusalem. 3 On that day, when all the
nations[a] of the earth are gathered against her, I will
make Jerusalem an immovable rock[b] for all the
nations. All who try to move it will injure[c] themselves.

Ok Moms and Dads, time to pick up your communist kids from #CHAZ and put them back in the basement and take away their Xbox.
Their college money will need to be used for trials for rape and robberies being reported.

Calls to defund or dismantle our police departments are ridiculous & reckless.

Police are integral to a free society. They protect & preserve our rights. We can work within communities to increase training opportunities, but the push to undermine them should not be tolerated.

I'm sick and tired of watching and hearing hate America leftists attack our law enforcement officers.

What's even crazier are their calls to defund the police.

These Socialist Democrats must be defeated in November ... or they will get what they want.

The attacks on our law enforcement officers AND THEIR FAMILIES being launched by the radical left and the Fake News media should outrage all Americans. This is resulting in dangerously low morale and officer resignations across the country, including right here in Georgia. #gapol

Good morning Ms.Greene. My name is Melissa Rolfe. My son is the Atlanta officer currently in the news, Garrett Rolfe. Our family has been completely devastated by all of this non-sense. I have heard how you feel on many topics and agree with you 100%. I pray you are victorious. Please keep our family in your thoughts and prayers.

2. And the voters of Northwest Georgia will not let the DC Swamp and the Fake News Media tell them who to vote for.

I whipped John Cowan 2 to 1 last week, winning 11 out of 12 counties, and won all 12 counties on election day where I received 47% of the vote.

Northwest Georgians want a strong fighter to Save America and Stop Socialism.

Hate America leftists are hell-bent on destroying America ... they tore down George Washington down in Portland yesterday.

This attack on America is being promoted, funded and pushed by radical Socialist Democrats who want to usher in a left-wing "utopia."

Was this a shooting by their armed guards at the CHAZ border wall that the city paid for?

Why didn't they call a social worker?

CHAZ or CHOP or whatever that anarchy is called needs to end.

Send the communist basement dwellers back home.

> **Andy Ngô** @MrAndyNgo
> Breaking: A shooting occurred at the main border checkpoint/entrance to the "CHAZ" on 10th and East Pine. Seattle Police are investigating.

I have read a book on leadership.

It's called the Bible.

Truth = Love
Love = Truth

Only twisted lies tickle your ears and make you feel good.

But the truth is a sword.

Truth divides evil from good.

The leftist ideology is evil.

Isis is a domestic terrorist groupie. Does that label undermine their rights to freedom of expression (killing people) and peaceful assembly (destroying property)?

Just stop it with the virtue signal word wars.

Antifa is a destructive force of domestic terrorism! Period.

Inside and online your rally was epic!

Antifa attacking police, rioting and looting with BLM, taking over city blocks, and even sending me death threats is NOT imaginary.

Democrats saying they support Americans is what's imaginary.

Black Lives Matter are are radical anarchist funded and controlled by the Democrat party.
BLM is used by the Democrats to bully and control black voters during the election.
Democrats don't care about black lives, they only care about black votes.

This gentleman in St. Louis was particpating in a group of people praying for our country when he was attacked violently by these BLM / ANTIFA thugs.

These communist America haters are thugs and they should be treated as such.

The attacks on our law enforcement officers AND THEIR FAMILIES being launched by the radical left and the Fake News media should outrage all Americans. This is resulting in dangerously low morale and officer resignations across the country, including right here in Georgia. #gapol

Polling is the same song and dance as 2016.
We've seen this before.
ALL WRONG!
Trump will win by a landslide!
No one wants to vote for a guy in a basement..

> **Donald J. Trump** @realDonaldTrump
> Sorry to inform the Do Nothing Democrats, but I am getting VERY GOOD internal Polling Numbers. Just like 2016, the @nytimes Polls are Fake! The @FoxNews Polls are a JOKE! Do you think they will apologize to me & their subscribers AGAIN when I WIN? People want LAW, ORDER & SAFETY!

Bashing your country is not virtuous. It is misguided. And if you are violent and destructive, it is seditious....

Democrats are upset that two legal gun owners defended their home from rioters.

Democrats want Americans to lay down and get steam rolled by the mob.

Won't happen! This is America. This is why we have 2A rights.

Stand your ground!

The St Louis couple who defended their home with guns are big Democrat donors.

This is the America they contributed to! This is the America they voted for.

Hopefully this experience will wake them up and they will start donating and voting for the party of law & order!

This great news reflects freedom.
Freedom to buy and own guns to be able to protect themselves against the violent thugs, mobs, and anarchist that have waged war on Americans.
God bless America for giving its people the 2A!
Protect it!

> **Piers Morgan** @piersmorgan
> BREAKING: Just when you thought the news couldn't more depressing...8.3 million guns have been sold in the United States since March, meaning 2020 is on course to be the biggest year for gun sales in American history.

This is what happens when left-wing politicians publicly attack and refuse to support our law enforcement officers. This is the vision Democrats have for America.

I will END gun free school zones bc when I was in 11th grade, my school became one, and another student brought 3 guns to school to try to kill people.
There was no good guy with a gun.
I know that fear.

Why are we penalizing people for what their ancestors did? Forgiveness doesn't mean you get something in return.

Antifa is an organized funded terrorist enemy combatant attacking America every single night.

Their goal is communism.

At what point, will elected leaders stop this insurgence?

Or will the American people eventually be the ones to do it?

We have a National anthem, it's for the entire nation. Why are they trying to bring back segregation? So RACIST
